

Access to online services at The City Law School

Access is via your university card barcode (starting with 280080...) and a PIN. You only need to enter the last eight digits of the long barcode.

To access resources such as **Westlaw** and **Lexis Library**:

- Go to www.lawborepro.net then click on **Study Hub**.
- From the **Databases** box, click on the link to the service you want (Westlaw etc).
- You will see a login screen with boxes to enter your barcode and a PIN.

- If you have not yet created your PIN, leave the PIN box blank. You will then be prompted to create a new four digit PIN which you will then use in conjunction with your barcode number to access online resources.
- From then on, just enter your number and this PIN when you log in to these resources.
- If you should ever forget your PIN, there is a link to reset it on the login screen. You can also ask to reset your PIN at the library.

For **Jordans Online**, and **Medical Litigation Online**, separate passwords are needed. See below.

Jordans online services

Medical Litigation Online

Please note: access is subject to licence terms and conditions of use for each service, and the University's [e-access policy](#). User IDs and passwords must never be revealed to anyone else.
